

The Shapes of Things to Come

FLEXMAG can meet even the most unusual design requirements with Ultra-Mag custom magnetic strip.

Need a complex magnetic strip geometry? Only FLEXMAG Industries — the leading global producer of extruded ferrite magnet strip — can manufacture thousands of custom geometries, no matter how intricate. We will form any shape you envision, for any application — in a range of magnetic energy products including some of the highest available in the industry. Plus, we can formulate high performance binders to meet specific flexibility and performance requirements in our recently expanded, state-of-the-art manufacturing facility. Call, fax, or visit our Web site to see how FLEXMAG can meet your unique requirements.
